

## Futureproof Leadership

**Be a source of guidance and stability- even in changing times.**

If there's one thing the pandemic has taught us, it's that "old" ways of working are no match for the future. We have entered a new era of agility, flexibility and technology at work, which also requires a new set of leadership skills. As a leader, your future depends on your ability to face the changes and lead confidently with a clear vision. This course gives you the tools you'll need.

## Course description

### What will you learn

Even before the COVID pandemic, our society was experiencing a period of rapid transformation. Experts often use the term VUCA (volatility, uncertainty, complexity and ambiguity) to describe the moment of history that we are all living through. Yet, this eventful period is not just a brief phase that will soon pass to a more stable time.

It looks like VUCA is here to stay, at least for the foreseeable future. Today's leaders must adopt the right habits, mindset and skills to manage themselves and others in times of increasing change. The pandemic has only fast-forwarded a process that has already been going on for the past couple of decades.

### Program path

This course helps you regain control and stability as a leader, so that you can serve as a source of guidance, inspiration and motivation to your teams. Some of the topics covered include:

- Shifting from transactional to transformational leadership
- Future-proofing your leadership skills and your teams
- Building resilience for yourself and others, and planning for the future
- Predicting changes in time, making the right choices and remaining adaptable
- Promoting agility within your teams using methods like coaching leadership

### Training method

The Core program is a blended learning journey that forms the foundation for your skills. Relevant for professionals who are new to a skill and are ready for an in-depth learning experience. It is a 11-week program where you will receive ongoing support by a facilitator. During the 11 weeks you will get 1 day of group training, virtual peer coaching and online learning sessions.

### Accreditation
